2. Installation Sequences

(1) Install Adobe Illustrator.

(2) Install Adobe Extension Manager if needed.

(1.1) If you install Adobe Illustrator CS6, Adobe Extension Manager CS6 will be installed automatically.

(1.2) If you install Adobe Illustrator CC/CC2014/CC2015 etc., you still need to install Adobe Extension Manager CC 7.2 and Extension manager 7.3 update.

(1.3) When you install Adobe extension manager, please make sure your account has the administrator permission.

(3) Install PaSharp.

(1.1) On MAC, please check whether Pasharp installation file is everyone "read/write", if everyone is "no access", please change them to everyone "read/write".

Select the PaSharp installation file, and select "Get information", change "everyone" from "no access" to

"read/write".

(1.2) There are two kinds of installation program, one is hardware dongle edition, one is license key edition.

Please use the correct installation program according to your encryption mode (dongle or license key)

(1.3) Please make sure that your login account has administrator privilege.

(1.4) Make sure that the "Adobe Product Improvement Program" is stopped.

(1.5) Run PaSharp installation program, and specify the destination folder of PaSharp, the destination folder should be plug-ins folder of Adobe Illustrator.

(1.6) If you meet next message, please go to "Security & Privacy" \ "General" \ "Allow apps downloaded from:", click "Open Anyway", then install PaSharp again.

(1.7) If you meet error message "AppleScript Error" when you install PaSharp, please check whether you have installed Adobe Extension manager, if it has been already installed, maybe the installation sequence of Adobe Illustrator CCxx and Extension manager has problem, please reinstall Adobe Illustrator CCxx and Extension manager.

3. Startup Adobe Illustrator

If you meet error message "Dongle is not found or version is wrong" when you startup Adobe Illustrator.

- (1) Please check whether PaSharp has been installed successfully.
- (2) Please check whether the PaSharp dongle has been plug into the computer and the light of the dongle is in red.
- (3) Maybe your dongle is expired, please check the time of the dongle by input <http://localhost:1947/> in the Internet Explore. Check "Feature" item to show the expiration date of the PaSharp dongle.

- (4) Maybe your PaSharp dongle version is lower than PaSharp installation version. Please note that the PaSharp dongle version should be the same or higher than PaSharp installation version.
- (5) You also can check the dongle time from Illustrator menu \Help>About Founder Plug-ins\ Please beware of the dongle time limitation, and extend the dongle in time.

4. Activate PaSharp

If your PaSharp is encrypted by a license key, for example PaSharp V9.0 license key edition, you need to activate your license key. Please refer to "License Manager Manual.pdf" for how to activate your code.
