EagleJet Golden Open House was successfully held in Beijing

On Oct 16th-18th, Founder Electronics held an open house event in the best season of Beijing. Nearly 30 overseas dealers and customers from the United States, Italy, Russia, South Korea and many other countries took part in the event.

Founder commit himself to innovation of digital press technology and never stop improving product. After the successful show in drupa 2012, EagleJet inkjet digital press with new features impressed visitors deeply this time. Taking advantage of open house days to make dealers and customers have future understanding of Founder state-of-art digital press and realize sales overseas.

During the event, Founder dealers and customers toured EagleJet P5000 end-user, visited inkjet lab and watched live demo, experienced application and solution of EagleJet digital press, learned more about Founder business & service policy, meanwhile, had technical training and product promotion.

Product News

ElecRoc Technical Training was held in Uruguay this October

After carefully prepared, ElecRoc technical training was successfully held in Uruguay this October. It was the first time for Founder to provide on site training in this area. The training was a 5-day schedule with very detailed introduction of ElecRoc different functions, discussion, case study, and Q&A. More than 10 dealers and end-users attended. With their positive feedback, we sense the strong interest in ElecRoc from South American market.

By considering the need of customers, ElecRoc has been well improved as one of the top workflow software after 10 years development. Meanwhile, Founder will put full effort to provide professional technical support for this product as usual.
