China Print 2013 is getting close!! Welcome to visit us at E2-030

China Print 2013 will be held in Beijing next month. Founder will take its latest technology to the exhibition. We sincerely welcome you to visit our booth at E2 – 030 in new China International Exhibition Center during May 14th to May 18th 2013.

For China Print 2013, Founder designed a huge stand with warm arms to welcome visitors from all over the world. Join us in this exhibition will provide you an outstanding opportunity to share the latest industry information and witness the state-of-the-art printing & packaging equipments and solutions; the most important is to expand your business during this show period.

Founder has been concentrating in printing industry for near 30 years, and has already grown up to a full function printing solution supplier. As the continuing innovation of printing technology, Founder will release a new inkjet digital press on the exhibition, which is EagleJet P5100, a smart designed digital text printing solution. And EagleJet L1400, EagleJet H500, and EagleJet P5200 will also be presented on the exhibition.

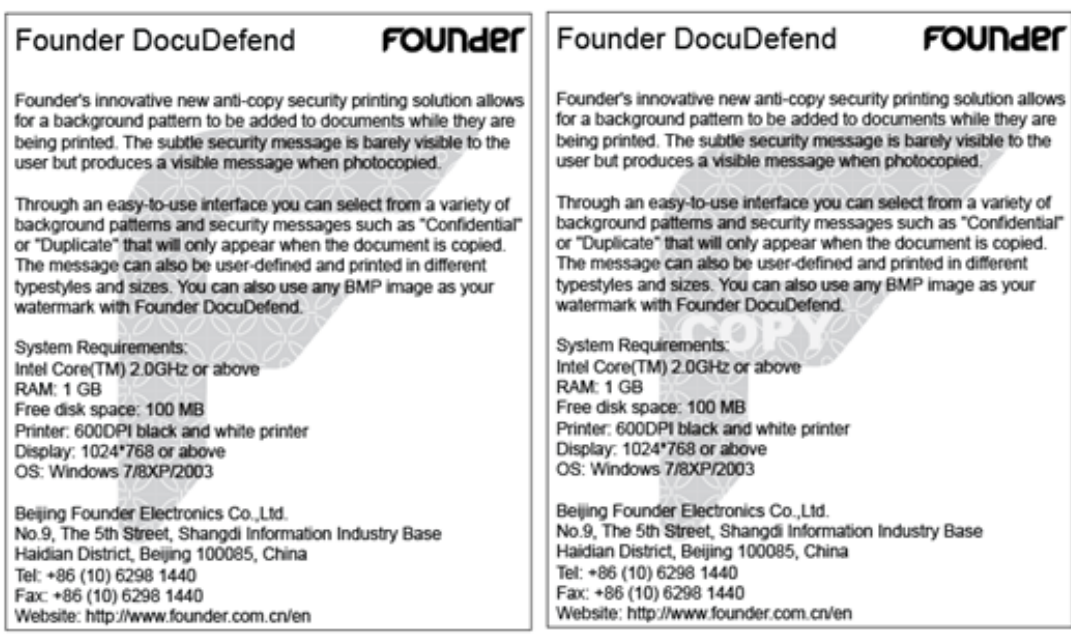

Meanwhile, for our workflow software ElecRoc, anti-counterfeit design software SuperLine, and Packaging software PaSharp, there will be promotion sales campaign with unexpected discount offer during the show. There is also an easy-to-use and easy-to-manage document security printing application DocuDefend 3.0 will be officially released, and three-month trial license with free of charge will be issued on the stand.

Product News
