SinoFoldingCarton 2013 is Asia-Pacific's leading business platform for post-print manufacturing equipment and consumables from the folding carton industry. It will be held at GD Modern International Exhibition Center, Houjie, Dongguan City, Guangdong Province, China from August 21st to 23rd, 2013. Founder will bring EagleJet H500 to the exhibition.

We sincerely welcome you to visit us during the time!

Product News

Founder EagleJet H500 earned its first order in cigarette packaging printing industry

Jinjia Group, the biggest cigarette packaging solution supplier in the domestic market, made an order for 2 sets of EagleJet H500 systems from Founder in May 2013.

Founder currently holds the biggest domestic market share in the medical packaging printing industry, and by cooperating with Jinjia Group, Founder has successfully entered the cigarette packaging printing market. EagleJet H series proved its competitive features and high quality in not only medical packaging but also the whole packaging printing area.

In the packaging printing industry, the need for 2-dimensional barcodes keeps growing gradually. EagleJet H series is designed to fit the need of variable data printing, especially 2-dimensional barcodes, and together with its stable operation and outstanding printing performance, provided Founder with more opportunities in the packaging printing industry.

Founder released EagleRIP Version 4.5 in July 2013

As one of the most stable and technologically advanced RIP in the whole world, EagleRIP Version 4.5 has been released in July 2013 by Founder.

● **What's New in EagleRIP V4.5**   **EagleRIP**
