Welcome to join us on Drupa

Drupa is getting close and Founder is ready for your visit

Founder will provide your most interested products on Drupa

Founder has been leading Chinese printing industry for more than 20 years. It continued to maintain world-class leading edge in the fields of conventional printing, digital printing, publishing and Chinese font. Meanwhile, Founder provides advanced information processing technologies, software products, integrated solutions and valued-added services for fields of newspaper, publishing, printing, broadcast, television, and internet.

Founder will bring out digital printing systems, workflow software, design software, packaging software, and security software on Drupa 2012.

For more information, please go to our Drupa Online Showroom:
http://www.drupa.de/exh_r/drupa12/e/2225022

Founder will be waiting for you at:
Hall 5 / A25
May 3-16, 2012
Düsseldorf, Germany

Founder attended PAGE 2012 in Japan

As one of the most famous printing exhibition in Japan, PAGE has been successfully held annually for 24 years since 1988. More than one hundred exhibitors attended PAGE 2012 from February 8th to 10th. And thousands of visitors had an extraordinary experience during the exhibition.

Founder participated PAGE 2012 with its competitive products SuperLine, PaSharp, PhotoPack, RIP, and especially the digital inkjet printing system EagleJet. It is the first time for Founder to attend PAGE exhibition independently by itself with such a huge stand.

Founder stand attracted hundreds of visitors during the exhibition. Japanese market showed a lot of interests on the design software SuperLine, the packaging software PaSharp and PhotoPack, and the digital printing system EagleJet.

Products News

Founder is going to release ElecRoc 5.11 in April

Comparing with its previous version, ElecRoc 5.11 will be with new features

- Mac client of ElecRoc v5.11 supports Mac OS 10.7.2.
- Newly add an imposition module (Imposer II) in v5.11
 - Imposer II runs both on PC and Mac, supporting template edition.
 - Imposer II supports printing types of Sheetwise, Work and Turn, Work and Tumble, Perfector.
- Newly add Zone Screen, which supports object-level screening.
- Newly add check items in preflight, which spot color is embedded with overprint property, or with transparency property.

Founder will stop supporting the third-party PDF trapping option in EagleRIP

Founder will stop supporting the third-party PDF trapping option in EagleRIP from April 1st. It is recommended to upgrade EagleRIP into Founder ElecRoc if there is need of trapping option.

Founder will stop the sale of EagleRIP/EagleBlaster for imagesetter with speedway interface

We have to announce that EagleRIP/EagleBlaster for imagesetter with speedway interface, for example Herkules, Quasar, Signsetter Pro, R3020PS/R3030PS/R3060PS, Primesetter 74/102, will be temporarily unavailable since April 1st because of the lack of interface adapter card. We will inform you when it begins to sell.
