

How to update timer dongle to normal one?

After receiving a PKG file, you can change timer dongle to a normal one. Please do as following.

1. Extract the compressed file and copy them to a new folder.
2. Make sure EagleDot 4.0 or EagleProof 4.0 timer dongle is plugged in.
3. Make sure EagleDot 4.0 or EagleProof 4.0 is closed.
4. Run ClientTool.exe, click "Query" button, pop up the next window:

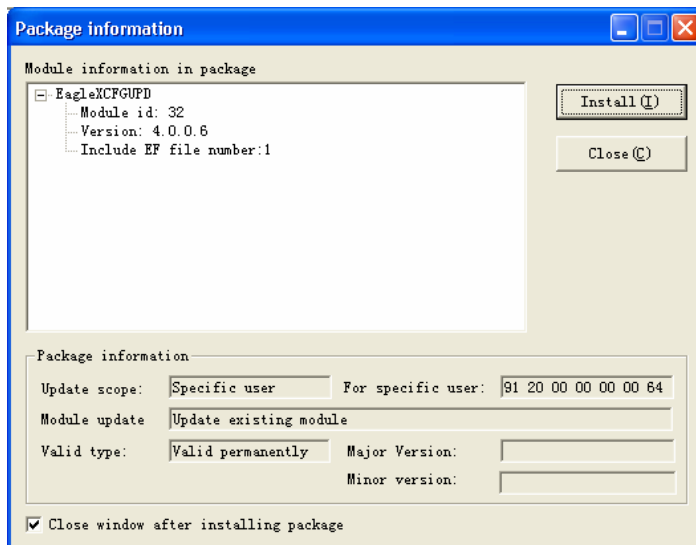

5. Click "Update" button. This window will pop up:

Beijing Founder Electronics Co., Ltd.

No. 9, 5th Street, Shangdi Information Industry Base
Haidian District, Beijing 100085, People's Republic of China
Tel: +86 10 62981440 Fax: +86 10 62981440
www.founder.com.cn

- Select "*.pkg",
